A Quality Town Council

MEDIA RELEASE

TOWN COUNCIL PUTS THE WOW FACTOR INTO PLAY

Cirencester Town Council has re-opened the Abbey Grounds play area and has put the wow factor into play.

Children, young people and families can all enjoy this new experience. The 'Rio' Little City, the all inclusive 'Orbit' City Mover and the dynamic RidgeRider, an exhilarating moving seat on a curving track that gives the rider the excitement of a fairground ride – all for free!

With a traditional and modern mix Cirencester Town Council has put life back into play.

The Town Council saved £75,000 over the past three years to put towards the scheme and consulted with the local community on the equipment and layout.

'This new facility is an asset for all children, young people and families who live in the town and visit Cirencester; and complements the beautiful surroundings of the Abbey Grounds.' said the Mayor, Councillor Mrs Shirley Alexander.

Andrew Tubb, CEO added 'We hope that this facility will provide a fun opportunity to get active and enjoy play.'

An official opening will be held in the Spring of 2009.

END
